WP Bowls Circular 2022-38

WPB Competitions – 2022/2023 Season

Circular 2022-29 invited Clubs and Individuals to submit input, ideas, and proposals about new and existing competitions for the coming season.

A lot of input was received from the district, and we thank everyone who took the time to put their thoughts in writing.

The attached document includes a summary of the current competitions, number of entries per year and the input received. Please note that some input received has been edited for ease of use or had extracts placed in different sections to make it more understandable in context. Some of the longer contributions have had to be omitted from the document because of space constraints but will be considered during executive discussions.

We will be meeting this **Saturday 3 September 2022 at 09:00 at Plumstead Bowling Club** to discuss the attached document and obtain final input from clubs.

We invite each club to send a delegate to the meeting to represent their views.

We will also be inviting several of the people who submitted input and indicated their desire to be further involved.

The focus of this meeting will be further discussion and debate about the contents of the attached document, in the interests of openness and transparency.

Please note that this meeting will not involve casting votes and will not be the final decision-making body for what happens during the season. In terms of the WPBA Constitution the final decision-making body is the WPBA Executive Committee. It is, however, envisaged that there may also be an official poll of all clubs for the more hotly debated issues!

Please submit the names of anyone attending to Chris at the WPBA office on admin@wpbowls.co.za.

Regards,

Gerrit van Milligen
